*All Ranch activity sign-ups can be found at the Welcome Center. We ask that sign ups are in no later than 2 hours prior to the event. For Trail Rides, riders must wear long pants and closed toed shoes. Age: 9+

*Indicates ages 9+

Activity Adjustments

All activity sites will be regularly disinfected and sanitized by our accommodations team. The pool will open at 50% of capacity with fewer chairs placed in a distanced manner. You must provide your own supplies at the sandbox, volleyball court, hammock village and basketball court. The Ga-Ga Pit and 9-Square will remain closed. For programmed activities, we will adjust to maintain social distance and limit shared usage of materials.

The Cove

- The ice cream shop interior is closed to guests. Please order from the exterior window and line up on the blue dots. Our staff will be wearing masks and gloves while preparing your treats.
- The retail store has a maximum capacity of 10 people with entrance and exit doors and designated lines. We will not be preparing self-serve coffee to maintain cleanliness.
- The boardwalk and pavilion chairs and tables have been spaced to provide for further distance for guests and are included in cleaning practices.

Schedule Changes

We have indefinitely suspended Community Worship due to the nature of the program and the utmost concern for the health and safety of those we serve.

Health & Safety Protocols

We continue to implement a number of practices to maintain and extend our safety protocols for guests and our staff:

- We are monitoring federal, state, and local information related to COVID-19
- Our staff have undergone extensive training in cleaning and sanitization and COVID protocol
- Symptom screening and procedures for staff everyday
- Upon arrival, all Dunes Harbor guests will be required to complete a health screening for all members of their party to ensure they are not exhibiting symptoms of COVID-19. Guests will also be required to sign a COVID-19 waiver and liability form.
- If a guest is experiencing signs and symptoms of COVID-19 at any time during the duration of their stay, they will be asked to leave the park, along with the rest of their group.
- We have posted content regarding recommended handwashing procedures in restrooms, breakrooms, offices, and common areas to increase awareness of simple prevention methods
- Increased cycles and procedures for frequent cleaning and disinfection of high traffic areas including bathhouses, camp store, and rental cabins/RVs
- Use of CDC recommended cleaning supplies and disinfectants throughout our facility
- Adjustment of staff schedules and working arrangements, where necessary, to support social distancing practices
- Added hand sanitization stations throughout the campus
